Leadership Qualities

❖ What is Leadership -

- Leadership is a set of qualities, that are created by great efforts. These are not inherited by birth.
- Leadership is the competence and skill of an individual that makes him capable to-
- **(1) Get the work done by others..**
- **(2) Influence others in a positive way..**
- **(3) Guide and lead the team to produce better outcomes...**
- **(4) To inspire and motivate others...**

Leadership Qualities

- Leadership is not all about to pass orders but to get the work done by others, by **influencing them, motivating** and **inspiring them**, infusing in them the energy and spark to work.
- **Leadership Qualities**-To be a leader ,one needs to develop a number of qualities. Some prominent Leadership qualities are as under-
- **(1) Empathy** - Empathy is all about to judge others as we judge ourselves, to treat others as we treat ourselves, to respect the dignity of others ,as we respect ours.
- A good leader should know and understand the **pain and problems** of his team mates.
- He should treat his team mates as **his family**.
- He should **listen** to their problems and grievances **patiently** and **calmly**.
- He should be sensitive to the pains and pleasures of his team members.

Mental health at work place

❖ Stress-

- **What is stress-** Stress is a feeling of physical or mental tension on arising some undue demand, that we feel difficult or tricky to fulfill.
- In other words, we can say that stress is actually a **traumatic mental disorder**, in which our nervous system get corrupted ,we **stop thinking** either, or go in the process of **overthinking**.
- **Types of Stress** - Stress is of three kinds-
 - Work related stress
 - Personal stress
 - Psychological Stress

Mental health at work place

❖ **(1) Work Related Stress-** Many times stressful situations arise due to **professional disharmony** in life. Some of the possible reasons, that causes professional stress are as under-

- Long and tiring working hours
- Excessive/heavy workload
- Job insecurity/lack of opportunities for growth in job.
- Conflict with boss/seniors
- **Conflict with boss/seniors**
- Office politics -impartial /biased dealing of boss/leg pulling/back biting and the like.

Application of 4 A's; Avoid; Alter; Access; Adapt

❖ (2) Accept-

- Accept the people as they are. Forgiving is the best possible way to forgive people.
- Accept the challenges as they come to you. Be intelligent, brave, witty, innovative, creative, firm minded to face the challenges. Prepare a strong strategy to overcome the challenges.
- Accept your weaknesses and work over these.
- Accept your failures and mistakes. Do not hide these. Learn a lesson from these, instead.

Application of 4 A's; Avoid; Alter; Access; Adapt

❖ (3) Alter –

- Alter unfavorable and unmanageable circumstances into favorable ones, employing your wit, intelligence and courage.
- Alter "**YOURSELF**" too, to be fit in the atmosphere, you are in.
'Do in Rome As Romans do' approach will work here.
- Alter 'I' approach. Instead develop 'YOU' approach. Develop team spirit and healthy atmosphere around you.
- Alter emotional outbursts. Instead use-
 - (1) Emotional intelligence
 - (2) Professional Maturity

Application of 4 A's; Avoid; Alter; Access; Adapt

❖ **(4) Adapt-** Adaptability is a great art to keep one stress free. Here are certain things that one can apply-

- Adapt yourself to the environment, you are in.
- Adapt a list of happy people and happy resources. Think about all those things, that can make you happy and cheerful.
- Adopt a Mool Mantra, as-
 - (1) I can do it ..
 - (2) Nothing is impossible...
 - (3) Every problem has its solution....
 - (4) All is well.....

Preventive measures to overcome stress

❖ Some other preventive measures to overcome stress-

- Do some exercise, yoga, meditation practice. Read religious literature. Believe in the doctrine 'Action is your duty, reward is not your concern. Follow spirituality.
- Develop a hobby. It would rejuvenate you and fill you with passion, creativity and innovation. It will be enough for you to divert your mind from stressful situations.
- Take out some quality time for yourself. Groom yourself. Listen to music, watch good movies.
- Travelling is also good to be stress-free. Meeting with new people, exploring new places will afresh your mind.

Preventive measures to overcome stress

- Spend some quality time with family and closed friends. Discuss your problems with them.
- Set a goal in your life. Settle down your own deadlines and achieve your goal brick by brick.
- Read some motivational literature, biographies and autobiographies. Struggling stories of Great personalities will inspire you and show you a path.
- Spend time with Nature.
- Be a sportsman. Sports makes us not only physically fit but also mentally and psychologically fit.
- Maintain diaries and pour out everything in writing. It would lessen your tensions.
- Say 'Thank You' to almighty for all that, you have.

Preventive measures to overcome stress

- Do not compare yourself with others. Compete with yourself and be the best version of yourself. Improvised yourself and compete with yourself.
- Early to bed and early to rise is also a good habit to keep one stress free. Eat well. Don't consume too much of junk food.
- Go in the process of self exploration and self realization.
- Organize some social and religious gatherings such as - tea party, kitty party, Mass prayers. Join some Clubs etc.
- Help the poor and the needy. It will give you self satisfaction.
- Spend some time with children, if possible.
- In a research it is found that eating chocolates and banana will also help one to come out of stress.

Mental Stress

❖ Mental Stress-What is Mental Health -

- Mental health includes our emotional, psychological, and social well-being.
- It affects how we think, feel, and act.
- It also helps determine how we handle stress, relate to others, and make healthy.
- **How to handle stress at work place**
- **Be humble and polite even with those ,who are disturbing.**

Improve the quality of your work . Try to grab the opportunities that others discard.

Submit the assignments ahead of time . Be creative, innovative and different while doing assignments.

Avoid the company of those ,who are disturbing .

Do not pay attention to what others say.
